03 Executive Summary

L&T Technology Services Limited (LTTS) announced financial results for Q2FY26, showcasing strong sequential revenue growth of 4.0% in INR terms and constant currency revenue growth of 1.3% QoQ. Key drivers include record-high large deal wins totaling nearly USD 300 million, multi-year strategic collaborations in its Tech and Sustainability segments, and an expanding intellectual property portfolio in AI.

04 Management Commentary

CEO & Managing Director Amit Chadha highlighted the company's progress towards its AI-first delivery model, following targeted investments in Gen AI, Agentic AI, and Physical AI. Initiatives such as Qguard.ai, FusionWorld.ai, and collaborations with SiMa.ai, NVIDIA, and the MIT Media Lab are expected to consolidate LTTS' tech leadership. To support next-gen engineering delivery, multiple Offshore Development Centers (ODCs) were inaugurated across Vadodara, Mysore, and Pune.

05 Future Outlook

The company maintains its medium-term outlook of reaching USD 2 billion in revenue. Backed by an increased order book and a focus on profitable growth, both revenue and EBIT margins are anticipated to show improvement in H2FY26 compared to H1FY26. LTTS continues to target double-digit revenue growth for the full financial year 2026.
