03

Executive Summary

L&T Technology Services (LTTS) reported solid Q2FY26 results with double-digit annual revenue growth in USD constant currency terms (10.4%). The company secured a record-high large deal total contract value (TCV) of approximately USD 300 million. EBIT margin remained steady at 13.4%, and net profit grew 4.1% sequentially to ₹3,287 million. An interim dividend of ₹18 per share was declared.

04

Management Commentary

According to CEO & Managing Director Amit Chadha, the strong momentum of large deal wins continues to reflect client confidence in LTTS' next-gen offerings. Despite shifting market dynamics and geopolitical risks, the company's 'Go Deeper to Scale' and multi-segment strategy is paying off, with the Sustainability segment achieving double-digit annual growth for two consecutive quarters and the Tech segment remaining resilient. LTTS is actively building an AI-first delivery model, with rising client engagement and early monetization across platforms like Qguard.ai, FusionWorld.ai, PLxAI, and others.

05

Outlook

With an increased order book and a sharp focus on resilient and profitable growth, management expects both revenue and EBIT margins to see an improvement in H2 compared to H1 of FY26. The company aspires for a double-digit growth in FY26 and reiterates its medium-term outlook of USD 2 Bn revenue.
