03 Executive Summary

L&T Technology Services (LTTS) recorded a robust Q2FY26 performance, powered by secular growth across its key segments and a record-breaking performance in large deal acquisitions. Revenue reached ₹29,795 million (up 15.8% YoY) and net income touched ₹3,287 million (up 2.8% YoY). Operationally, LTTS achieved a record-high large deal TCV of near-USD 300 million, demonstrating deep client confidence in its next-generation technology offerings. An interim dividend of ₹18 per share has been declared.

04 Business Overview and Segment Performance

LTTS' multi-segment strategy and 'Go Deeper to Scale' initiative continue to yield strong results. The Tech segment registered the highest YoY expansion, growing 28.6% YoY, while the Sustainability segment grew 12.6% YoY, delivering double-digit annual growth for two consecutive quarters. This segment also reached an annual run-rate of a USD 50 million account. Mobility segment revenue declined by 10.1% YoY. To boost its presence in AI, LTTS introduced an AI-first delivery model and built several platform offerings (Qguard.ai, FusionWorld.ai, PLxAI, AiNexus, GENIQ, and TrackEI), enabling early monetization.

05 Management Commentary

CEO & Managing Director Amit Chadha remarked that despite shifting market dynamics and geopolitical unpredictability, LTTS delivered growth of 1.3% QoQ and 10.4% YoY in constant currency terms. He emphasized the continuous focus on resilient and profitable growth, leading to expectations of improved revenue and EBIT margins in H2 compared to H1 of FY26. He expressed confidence in achieving double-digit growth for FY26 and reiterated the medium-term milestone of USD 2 billion in revenue.

06 Key Deal Wins

Key deals secured during Q2FY26 include a \$100 million multi-year sustainability contract with a U.S.-based industrial equipment manufacturer and a ~\$60 million multi-year network software engineering deal with a U.S. wireless telecommunications provider. Additionally, LTTS established Offshore Development Centers (ODC) for energy management and lifting solutions leaders, and secured critical programs in South American deepwater pre-salt oilfields and global asset transformation.
