02 Business Overview

LTTS drives growth across three main segments: Mobility, Sustainability, and Tech. In Q2FY26, Tech segment contributed 39.4% of revenue, followed by Sustainability at 31.6% and Mobility at 29.0%. The Sustainability segment grew 3.0% sequentially and 12.6% annually, achieving double-digit annual growth for two consecutive quarters, and now has a USD 50 million account on an annual run-rate basis. North America remains the largest geographical market, representing 54.7% of revenue.

03 Management Commentary

Amit Chadha, CEO & Managing Director, highlighted that the strong momentum of large deal wins continued with a record high TCV of near-USD 300 million. He noted that the company's 'Go Deeper to Scale' and multi-segment strategy is helping drive growth amidst shifting market dynamics. The company is actively building an AI-first delivery model, with targeted investments in Gen AI, Agentic AI, and Physical AI. Early monetization results are visible, with 1% of trailing twelve-month revenue coming from licenses.

04 Outlook

With an increased order book and a sharp focus on resilient and profitable growth, management expects both revenue and EBIT margins to improve in H2 compared to H1 of FY26. The company continues to aspire for double-digit growth in FY26 and has reiterated its medium-term outlook of reaching USD 2 billion in revenue.
